

4-Piece Heavy-Duty Ratchet Tie-Down Set

This 4-piece set of heavy-duty ratchet tie-downs is designed for securing cargo and equipment. Each tie-down features a 4.6-meter long, 25mm wide weather-resistant nylon webbing strap and a steel ratchet mechanism with a quick-release.

Product Overview

Heavy-Duty Cargo Security

This 4-piece ratchet tie-down set is engineered for secure and reliable cargo transport. Featuring weather-resistant nylon webbing and a robust steel ratchet mechanism, these straps provide essential stability for equipment and loads. The quick-release functionality ensures rapid unloading, making this set a versatile tool for professional logistics and general hauling applications.
