

400cc Heavy-Duty Grease Gun with Flexible Hose

This heavy-duty grease gun is designed for lubricating machinery and equipment. It features a flexible hose for reaching tight spaces and delivers high pressure for efficient grease dispensing.

Product Overview

Heavy-Duty Lubrication Solution

This 400cc grease gun is engineered for reliable performance in demanding industrial, automotive, and agricultural environments. Constructed from cold-rolled steel with a durable powder-coated finish, it ensures long-lasting operation under tough working conditions. The kit includes both flexible and rigid hose options, providing the versatility needed to reach difficult lubrication points with ease.

Technical Specifications

Capacity	400 cc
Capacity (Imperial)	14 oz
Working Pressure	16 MPa

Construction & Accessories

Included Accessories

- 1pc Rubber Flexible Hose
- 1pc Metal Hosepipe

Material Construction	Cold Rolled Steel, Powder Coated
