

# 40L Wet and Dry Vacuum Cleaner

This wet and dry vacuum cleaner is designed for both wet and dry cleaning. The durable stainless steel tank has a 40-liter capacity, making it suitable for large cleaning tasks.

## ADDITIONAL IMAGES

## Product Overview

### Versatile Cleaning Performance

This 40-liter wet and dry vacuum cleaner is engineered for demanding cleaning tasks, offering robust suction for both solid debris and liquid spills. Featuring a durable metal tank and a high-performance 1200W motor, it is designed to handle heavy-duty environments like workshops and garages. The unit includes convenient features such as an integrated power tool socket, an air-blowing function, and HEPA filtration to ensure efficient operation and improved air quality.

## Technical Specifications

Power Input	1200 W
Voltage/Frequency	220-240V / 50Hz/60Hz
Tank Capacity	40 L
Airflow	2 m <sup>3</sup> /min
Vacuum Pressure	17 KPa
Noise Level	78 dB(A)
