

40mm Chrome Plated 0.6MPa Pressure Gauge

This pressure gauge features a 40mm diameter chrome plated case for durability. It measures pressure up to 0.6 MPa and displays pressure in both MPa and kgf/cm².

Overview

Industrial Pressure Monitoring

This 40mm pressure gauge is engineered for precision and durability in industrial environments. Featuring a robust chrome-plated case, it is designed to measure pressure levels up to 0.6 MPa with dual-scale readability. It provides versatile monitoring for pneumatic and hydraulic systems, ensuring clear and reliable performance.

Technical Specifications

Pressure Range

0.6 MPa
Max Pressure

Dial Diameter

40 mm

Measurement Units

MPa, kgf/cm²

Construction

Material Composition

Component	Material Options
Movement	SS304 / Brass
Connection	SS316 / SS304 / Brass
Bourdon Tube	SS316 / Phosphor Bronze
Window	Glass / Tempered / PC / Acrylic
Case Finish	Chrome Plated
