Product Overview

Versatile 40V Cordless Power

This 40V cordless brushless string trimmer and brush cutter is engineered for professional-grade gardening performance. Featuring a front-mounted brushless motor, it delivers consistent power and efficiency for both trimming and heavy-duty brush clearing. The ergonomic bike handle design ensures superior control and reduced fatigue during extended operation, making it an ideal choice for demanding landscaping tasks.

Performance

Constant Speed

5500 rpm

No-load Speed

Motor Type Brushless (Front-mounted)

Voltage 40 V

Cutting Capabilities

Cutting Path 13 - 15 inches

Feed Mechanism Bump feed

Trimmer Line Diameter 2 mm

Design & Ergonomics

Handle Style Bike Handle

Shaft Configuration Split shaft for easy transportation

Vibration Control Yes

Compatibility

Compatible Attachments

String Trimmer Head, Brush Cutter Blade
