

40W Compact LED Work Light

This 40W LED work light provides powerful illumination for various work environments. Its compact design, with a 70mm thickness, allows for versatile mounting options.

Overview

Compact 40W square LED work light featuring a high-intensity 16-LED matrix for uniform illumination.

High-Performance 40W LED Work Light

This compact 40W LED work light is engineered for demanding environments, featuring 16 high-intensity Epistar LEDs that deliver powerful illumination. Constructed with a diecast aluminum housing and a stainless steel mounting bracket, it offers exceptional durability and heat dissipation for a lifespan exceeding 30,000 hours. Its IP67 waterproof rating and wide operating voltage make it an ideal lighting solution for off-road vehicles, construction equipment, and industrial applications.

Performance Metrics

Key Performance Metrics

40 W

Power Output

6000 K

Color Temp

30000 hrs

Lifespan

Technical Specifications

Available Beam Angles

- 60 Degree (Flood)
- 30 Degree (Spot)

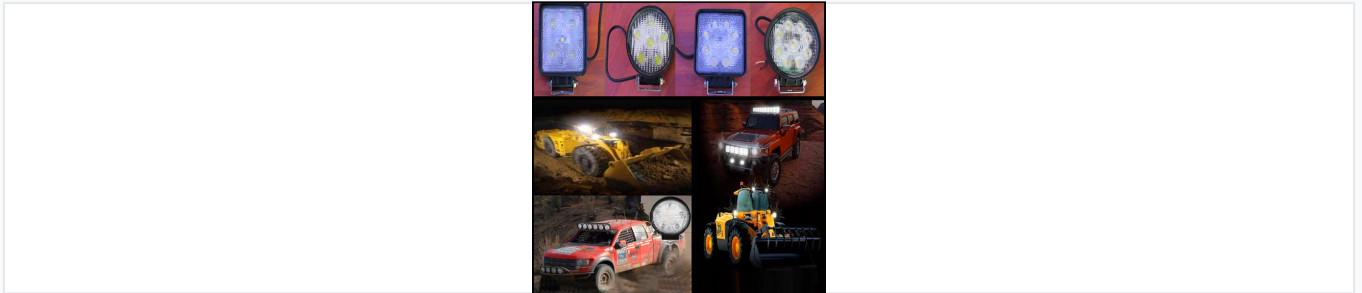

Operating Voltage

10-30V DC

LED Configuration

16 pcs high intensity Epistar LEDs

Build & Durability

Rugged 70mm thick aluminum housing designed for vibration resistance and efficient heat dissipation in heavy-duty environments.

Ingress Protection

IP67 Waterproof

Housing Material

Diecast aluminum

Lens Material

PMMA

Mounting Bracket

Stainless Steel

Housing Thickness

70 mm

Compliance & Quality

Certifications

CE, RoHS, Reach

Warranty

1 Year
