

41.1cc Brush Cutter with Anti-Vibration System

This brush cutter features a primer bulb for easy starting and an effective anti-vibration system. It also has a combination throttle/switch structure and auto feed nylon head.

Overview

Professional Performance and Comfort

This robust 41.1cc brush cutter is engineered for demanding landscaping tasks, effectively clearing thick grass, weeds, and brush across large areas. It features a straight shaft design with a solid drive shaft for maximum power transfer and durability. The integrated ergonomic bike handle and anti-vibration system ensure operator comfort during extended use, making it suitable for both professional and heavy-duty home applications.

Technical Specifications

Engine Displacement	41.1 cc
Shaft Configuration	Straight shaft with solid drive shaft

Features

Handle Style	Ergonomic bike handle
Key Features	Anti-Vibration System, Robust Construction, Ergonomic Design, Heavy-Duty

Application

Best For

- Clearing thick grass
- Removing weeds
- Cutting brush
- Large area maintenance
