

4.2kW Industrial Water Chiller

This industrial water chiller provides 4.2kW of cooling power. It maintains temperature stability to ± 0.5 .

Overview

High-Performance Industrial Cooling

This industrial water chiller is engineered for precise temperature control in demanding industrial environments. With a robust 4.2kW cooling capacity and advanced alarm functions, it ensures reliable operation for critical processes. Designed for efficiency and ease of use, this unit features a mobile design and effective heat dissipation systems to maintain optimal performance.

Performance

Cooling Capacity

4.2 kW

Cooling Capacity

Temperature Stability	± 0.5
Max Flow Rate	13L/min - 70L/min
Max Lift	12m - 53m

Electrical

Voltage	220 V
Frequency	50/60Hz

Physical Dimensions

Weight

Type	Weight
Net Weight (N.W)	65 Kgs
Gross Weight (G.W)	77 Kgs

Unit Dimensions (L x W x H)	67 x 47 x 89 cm
Packing Dimensions (L x W x H)	74 x 60 x 109 cm

Safety & Compliance

Alarm Functions

- Compressor time-delay protection
- Compressor overcurrent protection
- Water flow alarm
- Over high / low temperature alarm

Certifications

CE, RoHS

Technical Details

Refrigerant

R-22 / R-410a
