Overview

Comprehensive overview of the drill's features including the 450W motor, speed lock button, and ergonomic anti-slip handle.

High-Performance 450W Electric Drill

This versatile 450W electric drill is designed for both professional decoration and home DIY tasks, offering efficient performance for drilling and screw driving. It features a high-speed motor reaching up to 3500 RPM with electronic speed control for precise starts and stops. The ergonomic design includes an anti-slip handle and efficient heat dissipation to ensure comfort and durability during prolonged operation.

Performance Metrics

Key Performance Metrics

450 W

Rated Power

3500 r/min

Max Speed

1.3 kg

Net Weight

Technical Specifications

Drilling Capacity

Material	Max Diameter
Steel	10mm
Wood	25mm

Chuck Capacity 10mm (3/8")

No-Load Speed 0-3500 r/min

Functional Features

Operational Capabilities

- Reversible switch for screw driving and bit removal
- Electronic speed control for precision
- Speed lock button for continuous operation
- Self-locking clamp for quick bit changes

Safety & Construction

Safety and Build Double Insulation, Anti-slip Handle, Quick Heat Dissipation, Steel Collet

Insulation Class Double insulated housing for electric shock protection

Application

Suitable Materials

Wood • Metal • Plastic • Steel
