

## 4.5kA Miniature Circuit Breaker

This miniature circuit breaker provides reliable protection against overloads and short circuits. It is rated for 230/400V AC systems at 50/60Hz and complies with IEC60898-1 and GB10963.1 standards.

### ADDITIONAL IMAGES

### Product Overview

#### Reliable Circuit Protection

The GYM1 series miniature circuit breaker is a compact, high-performance device engineered for residential, commercial, and industrial electrical systems. It provides essential protection against overloads and short circuits, ensuring system safety and longevity. With a robust breaking capacity of 4.5kA and versatile mounting options, it is an ideal solution for general-purpose circuit management.

### Electrical Ratings

#### Breaking Capacity

**4.5 kA**

Breaking Capacity

#### Rated Voltage

230/400V AC

#### Frequency

50 Hz

### Technical Specifications

#### Tripping Characteristic

C-curve (C16)

#### Mounting

DIN Rail

### Standards & Compliance

#### Standards

IEC60898-1, GB10963.1, CE

## Features

### Installation Features

- Tilt-out mechanism
- Lift installation system
- Clear on/off indication
