

4.5kW Gasoline Generator with 4kW Rated Output

This gasoline generator delivers a maximum output of 4500W and a continuous rated output of 4000W. Its durable frame and easy-start system ensure consistent performance, making it suitable for construction sites, outdoor events, and emergency backup power.

Product Overview

Reliable Power Generation

This gasoline-powered generator is designed to provide dependable electricity for a variety of professional and emergency applications. Featuring a robust 4-stroke engine, it delivers consistent performance suitable for construction sites, outdoor events, and backup power needs. The unit includes a durable frame for enhanced longevity and an easy-start system for user-friendly operation.
