Overview

Professional Wood Cutting Performance

This 46cc gasoline chainsaw is engineered for high-efficiency wood cutting, making it an ideal choice for both professional landscaping and home agricultural maintenance. Featuring a digital-type ignition system and a durable engine design, it offers consistent performance with an extended operational lifespan. The unit incorporates advanced safety features, including an automatic anti-kickback braking system, ensuring reliability during demanding felling and pruning tasks.

Technical Specifications

Engine Performance Metrics

45.6 cc

Displacement

1.8 kW

Rated Power

11000 rpm

Max Speed

4.9 kg

Dry Weight

Operational Details

Feature	Specification
Ignition System	Digital/CDI
Carburetor Type	Diaphragm
Idle Speed	3300 ± 400 rpm
Fuel Capacity	520 ml
Oil Capacity	260 ml

Cutting Configuration

Available Bar Lengths

- 16 inch
- 18 inch
- 20 inch
- 22 inch
- 24 inch

Chain Technical Data

Pitch: .325 or 3/8 inch, Gauge: 0.050G or 0.058G

Features

Available Options

Easy Starter • Fuel Primer • Anti-freeze System
