Overview

Wire-Free Security Solution

This advanced 4G wireless security camera offers a completely wire-free installation experience, making it ideal for remote monitoring where traditional power or network cabling is unavailable. Equipped with a high-capacity solar panel and a 12,800mAh battery, it ensures continuous operation in outdoor environments. With 1080P resolution, PIR motion detection, and 4G connectivity, it provides reliable, real-time security surveillance and two-way audio communication from anywhere.

Audio Capabilities

Two-way talk, Built-in microphone, High-quality speaker

Connectivity

Network Compatibility

Network Type	Supported Bands
GSM	850/900/1800/1900
WCDMA	850/900/1900/2100
FDD-LTE	B1/B3/B5/B7/B8/B20
TDD-LTE	B38/B39/B40/B41

Power & Environment

Power System

12800 mAh

Battery Capacity

Environmental Rating

IP65 Waterproof • -20 to 70 Operating Temp

Detection & Intelligence

Motion Detection

- PIR detecting angle: 110°
- PIR detecting distance: 9 meters
- Night vision distance: 10-15 meters

Advanced Security

128-bit AES Encryption, Cloud Storage Support, OTA Updates, Snapshot & Record
