

4x2.5 Lawnmower Replacement Wheel

This 4x2.5 lawnmower wheel is designed for optimal performance and durability. Constructed from high-quality steel, it ensures long-lasting use and resistance to wear and tear.

Product Overview

High-Performance Replacement Wheel

This 4x2.5 lawn mower wheel is engineered for optimal performance and long-term durability in demanding landscaping environments. Constructed from high-quality steel, it offers superior resistance to wear and tear compared to standard alternatives. The white powder-coated finish ensures excellent corrosion protection, while the robust hub design allows for secure attachment and smooth operation.

Technical Specifications

Diameter	4 inch
Width	2.5 inch
Material	High-quality steel
Surface Finish	White powder-coated

Features & Benefits

Key Features

- Corrosion-resistant powder coating
- Precision-drilled mounting holes
- Robust steel hub construction
- Designed for easy installation

Application	Lawn Mower Replacement, Maintenance, Repair
