

# 5-Inch PTZ Baby Monitor with Video and Audio

This baby monitor features a 5-inch display for clear viewing and a PTZ (Pan, Tilt, Zoom) camera. The PTZ camera can be remotely controlled to pan, tilt, and zoom, providing a wide viewing angle.

## ADDITIONAL IMAGES

## Overview

### Comprehensive Baby Monitoring Solution

This 5-inch PTZ baby monitor offers a complete solution for remote child supervision, featuring both video and audio capabilities. Designed for reliability and privacy, the system includes dynamic channel selection to prevent interference from other 2.4GHz devices and robust data encryption for secure transmission. With pan, tilt, and zoom functionality, parents can easily adjust the camera view to ensure optimal monitoring of their environment.

## Display & Camera

Display Size	5 inch
Night Vision Range	5 m

## Power & Battery

Camera Battery Capacity	1000 mAh
Receiver Monitor Battery Capacity	5000 mAh
Camera Continuous Runtime	1 hours

## Features

### Connectivity & Privacy
