

# 5-Ton Chain Block Hoist

This 5-ton chain block hoist is designed for lifting heavy loads in various industrial and construction applications. Its compact design and lightweight construction make it portable and easy to use in confined spaces.

## Product Overview

### Industrial Lifting Solution

This 5-ton chain block hoist is engineered for demanding industrial and construction environments where reliable heavy-load lifting is essential. It features a robust mechanical advantage system, ensuring controlled and precise operation for workshops, garages, and job sites. Its compact and lightweight design facilitates easy portability, making it an ideal tool for use even in confined spaces.

## Technical Specifications

### Lifting Capacity

**5 Ton**

Rated Capacity

### Hoist Type

HSC-Type Chain Block

## Compliance & Standards

### Certifications

CE

### Country of Origin

China

## Key Features

### Design Highlights

- Robust construction
- Durable chain and hooks
- Mechanical advantage system
- Compact and portable design
