

5-Ton Hydraulic Bottle Jack

This is a heavy-duty hydraulic bottle jack with a 5-ton capacity. It is designed for lifting heavy loads in automotive and industrial applications with a robust construction for durability and reliable performance.

Product Overview

Heavy-Duty Hydraulic Bottle Jack

This 5-ton hydraulic bottle jack is engineered for demanding lifting tasks in both automotive and industrial environments. Its robust construction ensures reliable performance and durability, making it an essential tool for workshops, garages, and construction sites. The compact design allows for easy portability and storage without sacrificing lifting power.

Performance Specifications

Lifting Capacity

5 t

Capacity

5000 kg

Capacity

Safety and Compliance

Operational Safety

- Secure vehicle against rolling away before lifting
- Lifted weight must be additionally supported
- Complies with safety standards
- Includes mandatory warning labels

Usage

Suitable Applications

Automotive, Industrial, Garages, Workshops, Construction Sites
