

500kVA Soundproof Diesel Generator with Marathon Alternator

This diesel generator set delivers 500kVA of power at 50Hz or 60Hz, with 230V/400V, 3P, and 0.8pf. It features a soundproof enclosure for quiet operation and includes a Marathon alternator.

Overview

Reliable High-Capacity Power Solution

This 500kVA soundproof diesel generator is designed to provide a dependable and stable power supply for demanding industrial applications. Featuring a robust sound-attenuating enclosure, it ensures quiet operation without compromising on performance. Equipped with a high-performance alternator, this unit is an ideal choice for environments where noise reduction and power reliability are critical priorities.

Technical Specifications

Power Capacity	500 kVA
Alternator Type	Marathon Alternator
Engine Type	Diesel

Design & Construction

Key Features

- Noise reduction design
- Robust weather-resistant housing
- Efficient power output
- Stable voltage regulation

Enclosure Type	Soundproof / Silent Canopy
