

500mL Hand Pump Oiler Can

This 500mL pump oiler can features a durable construction and a convenient handle for easy use. The pump mechanism allows for controlled oil flow, minimizing waste and mess.

Overview

Professional High-Pressure Oil Can

This 500mL hand pump oiler is designed for professional-grade lubrication tasks in automotive, industrial, and home environments. Constructed from fine stainless steel with a durable copper joint, it ensures reliable performance and longevity. The high-pressure pump mechanism allows for precise, controlled oil flow, effectively minimizing waste and mess during application.

Technical Specifications

Capacity

500 mL

Volume

Construction Materials

- Fine stainless steel body
- Copper joint

Pressure Type

High Pressure

Logistics & Packaging

Shipping Dimensions & Weight

Metric	Value
Inner Carton Quantity	10 Units
Outer Carton Quantity	60 Units
Gross Weight (G.W)	17 kg
Net Weight (N.W)	16.00 kg
Carton Dimensions (L x W x H)	56 x 48 x 36 cm

Shipping Lead Time

14 Days Rapid Delivery

Packaging Type

Triple Wall Corrugated Carton

Product Identification

Item Number	670005
Barcode (EAN)	6959820848634

Applications

Recommended Use	Automotive, Industrial, Home Maintenance, Precise Lubrication
