Overview

High-Performance Electric Drill

This 500W electric power drill is designed for precision and reliability in various drilling applications. It features a robust motor, variable speed control, and forward/reverse functionality to ensure consistent performance across different materials. With an ergonomic design, this tool is suitable for both professional and DIY tasks, providing comfort during extended use.

Technical Specifications

Rated Power

500 W

Power Input

Electrical Requirements

- Voltage: 220V
- Frequency: 50Hz

Performance Metrics

- No load speed: 0-4000 rpm
- Variable speed control
- Forward and reverse functionality

Drilling Capacity

Maximum Drilling Capacity

Material	Capacity
Steel	10mm
Aluminium	10mm
Wood	25mm

Drill Chuck Size

10 mm

Features

Key Features

Lock-on switch, Plastic head housing, Variable speed, Forward/Reverse
