Product Overview

High-Performance 907W Battery Charger

This professional-grade Li-ion battery charger is engineered for reliable performance in demanding applications such as electric bikes, motorcycles, and industrial cleaning equipment. Designed with a durable aluminium alloy shell, it offers robust heat dissipation and long-lasting durability. The unit supports flexible input voltages and offers customizable plug options to meet diverse international power standards.

Technical Specifications

Output Power

907.2 W
Total Power

50.4 V
Output Voltage

18 A
Output Current

Input Voltage Range 110-132VAC, 200-264VAC

Battery Compatibility 12S Li-ion

Physical Attributes

Dimensions 264 x 120 x 89 mm

Net Weight 2.1 kg

Housing Material Aluminium Alloy

Compliance & Support

Certifications

CE

Customization

- AC Plug customization
- DC Plug customization

Warranty

12 Months

Applications

Compatible Equipment

E-bikes, Motorcycles, Scooters, Cleaning Equipment, Golf Carts
