

50cc Gas Scooter with Retro Design

This scooter is equipped with a 50cc engine. It features a retro design with chrome accents and a step-through frame.

Overview

Classic Retro Styling

This 50cc gas-powered scooter combines vintage aesthetic appeal with practical urban mobility. Featuring a distinctive dual-headlight design and a comfortable tan seat, it offers a stylish solution for short-distance commuting. The included rear rack and step-through frame design prioritize rider convenience and utility for daily errands.
