

50kW Trailer Mounted Diesel Generator

This 50kW trailer-mounted diesel generator provides reliable power for mobile applications. It is designed with a robust enclosure for noise reduction and weather protection.

Product Overview

Mobile Power Solution

This 50kW trailer-mounted diesel generator is engineered for versatile mobile power applications, featuring a robust enclosure for significant noise reduction and weather protection. Equipped with a user-friendly control panel, it allows for seamless monitoring and operation in demanding environments like construction sites and outdoor events. The integrated trailer design ensures rapid deployment and easy transportation for emergency backup or remote power needs.
