Overview

Versatile Portable Beverage Cooling

This 50L portable party cooler is designed for both commercial and home use, making it an ideal solution for outdoor events, BBQs, and family gatherings. Featuring a thermostatically controlled cooling system, it keeps beverages at an optimal temperature, with the ability to maintain cold temperatures even after being unplugged. Its highly mobile design, equipped with wheels, allows for easy transport, while its aesthetic appeal makes it an effective tool for brand promotion in retail environments.
