

50L Round Ice Cream Display Freezer

This 50L freezer features a round shape and is designed for displaying ice cream. It has a transparent glass door, adjustable shelves and an efficient cooling system.

Product Overview

Compact Display Solution

This 50L round display freezer is specifically designed to showcase ice cream and frozen treats effectively in limited spaces. Its unique round shape maximizes internal storage while maintaining a small overall footprint, making it an ideal choice for cafes, small shops, and convenience stores. The unit features a transparent glass door for excellent product visibility and an efficient cooling system to ensure optimal temperature maintenance.
