

50m Fiberglass Measuring Tape

This 50m fiberglass measuring tape comes with a gear frame. It features durable construction and easy-to-read markings, ensuring accurate measurements for construction, surveying, and other applications.

Product Overview

Professional Measuring Solution

This 50m fiberglass measuring tape is engineered for durability and precision in demanding environments. Featuring a robust gear frame design, it ensures smooth operation and reliable performance for construction, surveying, and landscaping tasks. The high-visibility markings facilitate accurate readings, making it an essential tool for professional site work.

Technical Specifications

Tape Length	50 m
Tape Width	15 mm
Material	Fiberglass, Durable Construction
Model Number	FW5015

Key Features

Design Features

- Gear frame mechanism
- Easy-to-read markings
- High-durability housing

Ideal Applications

Construction • Surveying
