

50mm Chrome Vanadium Steel Bit Set with Adapter

This 10-piece bit set is constructed from chrome vanadium steel. The set includes nine bits, an adapter, and a bit holder.

Product Overview

Professional Grade Bit Set

This comprehensive 10-piece bit set is engineered from durable chrome vanadium steel for high-performance fastening applications. Each component is precision-crafted at a 50mm length, ensuring reliability and extended wear resistance during heavy-duty use. The set is conveniently bundled with a dedicated adapter and bit holder, making it a versatile addition to any professional tool kit.
