Overview

Professional 5.1 Channel All-in-One Audio Solution

This integrated home theater system delivers true 5.1 channel surround sound through a sophisticated multi-driver array and built-in 6-channel amplification. Featuring a premium wood front panel with a piano black finish, it combines high-fidelity audio performance with a sleek design that eliminates the need for multiple bulky speakers. With support for PCM 5.1, AC-3, and DTS acoustic fields, it provides a cinematic experience for movies, music, and karaoke.

Audio Performance

Power & Performance

150 W

Total RMS Power

86 dB
