Product Overview

Ergonomic design for comfortable handling during operation.

Professional Performance Chainsaw

This high-performance gasoline chainsaw is engineered for demanding wood cutting tasks, offering a robust 2.5kW power output for efficient operation. It features an advanced cooling system that reduces working temperatures by 13% for consistent reliability. Designed for durability, the engine provides an extended service life of up to 200 hours, making it an ideal choice for both professional contractors and serious garden maintenance.

Technical Specifications

Rated Power

2.5 kW

Rated Power

3.3 hp

Horsepower

Key Features

Anti-freeze • Fuel Primer • Easy Starter • Automatic Chain Oiler • Anti-vibration System

Displacement	54.5 cc
Bore / Stroke	45.2 / 34 mm
Idle Speed	3300 rpm
Maximum Speed	12,500-12,800

Capacity

Fuel Tank Capacity	520 ml
Oil Tank Capacity	260 ml

Cutting Options

Durable construction suitable for professional wood cutting.

Chain Specifications

- Chain Pitch: 3/25" or 3/8"
- Gauge: 0.050G / 0.058G

Available Bar Lengths	16", 18", 20", 22", 24"
