

# 55-Inch Indoor Digital Signage Kiosk

This 55-inch digital signage kiosk features integrated functions for easy operation, including an automatic switch machine. The screen is waterproof, dustproof, and scratch-resistant, supporting HD display and intelligent touch operation.

## ADDITIONAL IMAGES

## Overview

### Professional 55-Inch Indoor Digital Signage

This 55-inch indoor digital signage kiosk is a high-impact visual solution designed for floor-standing placement in high-traffic areas like retail spaces and lobbies. It features a robust integrated design with intelligent touch operation and a high-transmittance toughened glass surface that is waterproof, dustproof, and explosion-proof. With support for full HD display and smart split-screen functions, it offers a modern and effective way to engage audiences with dynamic advertising content.
