

5.5 kg Capacity Front Loading Washing Machine

This front loading washing machine has a 5.5kg capacity. Several models are available, offering spin speeds up to 1200 rpm and multiple wash programs.

Product Overview

Efficient 5.5kg Front Loading Washer

This versatile 5.5kg capacity front-loading washing machine is designed to meet varied laundering needs with precision and reliability. Available in three distinct model configurations, the unit features advanced technologies such as unbalance control, power interrupt memory, and rapid wash cycles as short as 28 minutes. Whether choosing the efficient 1000 rpm model or the advanced 1200 rpm units with fuzzy logic, users benefit from a compact yet robust solution for modern laundry care.
