

## 5.5-Meter Measuring Tape with Pull-Lock

This measuring tape features a pull-lock mechanism for accurate measurements. It has a durable construction and a clear, easy-to-read scale, extending to 5.5 meters with a 25mm width.

### Product Overview

#### Professional Grade Measuring Tape

This high-quality steel measuring tape is engineered for precision and durability in demanding work environments. Featuring a robust 5.5-meter reach and a 25mm blade width, it offers excellent stability during extended measurements. The integrated pull-lock mechanism ensures accurate readings and user convenience for both professional trade applications and DIY projects.

### Technical Specifications

Measuring Length	5.5 m
Blade Width	25 mm
Locking Mechanism	Pull-Lock
Material	Steel

### Features

Key Features	High-Precision, Durable Construction, Easy-to-Read Scale, Pull-Lock Mechanism
