Overview

Reliable Portable Power Solution

This portable gasoline generator provides a robust power solution for various electrical appliances and tools. It is engineered with a 4-stroke engine and features both electric and manual recoil start systems for versatile operation. Designed for safety and efficiency, the unit includes overload protection, low oil shutdown, and a clear monitoring interface for voltage and circuit status.

Performance Metrics

Power Output

5 kW

Rated Output

5.5 kW

Maximum Output

Electrical Specifications

Parameter	Value
Rated Voltage	220V
Frequency	50Hz
Power Factor	1.0
DC Output	12V / 8.3A

Engine & Battery

Battery Specifications

- 12V 15Ah/20Hr
- Rechargeable sealed lead-acid
- Non-spillable

Engine Model

ST188F

Safety & Compliance

Safety Features

Low Oil Shutdown • Overload Protection • Circuit Breaker • Outdoor Use Only

Certifications

CE, Pb (Lead-Acid)
