

# 5.5kW Portable Gasoline Generator with 220V AC Output

This gasoline generator delivers a rated power of 5.0kW and a maximum power of 5.5kW. It is equipped with a 220V AC output, a 12V DC output, and an automatic voltage regulator.

## ADDITIONAL IMAGES

## Overview

### Reliable Power Generation

This portable gasoline generator is designed for versatile and reliable power supply, offering a rated power of 5.0kW and a maximum output of 5.5kW. Equipped with a 15.0HP 4-stroke OHV engine, it features advanced safety systems including Automatic Voltage Regulation (AVR) and low-oil alert protection. It is a robust solution suitable for various professional applications, backed by international certifications including CE, EURO V, and EPA.

## Performance Metrics

### Power Output

<b>5 kW</b> Rated Power	<b>5.5 kW</b> Max Power	<b>15 HP</b> Engine Power
----------------------------	----------------------------	------------------------------

### Electrical Specifications

Parameter	Value
Rated Voltage	220V
Frequency	50Hz
AC Rated Current	22.7A
DC Output	12V / 8.3A
Power Factor	1.0

## Technical Features

### Engine Configuration

- 4-stroke
- OHV (Overhead Valve)
- Single cylinder
- Air-cooled

### Safety & Protection

AVR (Automatic Voltage Regulation), Over-voltage protection, Overload protection, Overheat protection, Low-oil alert system, Circuit breaker

## Compliance & Standards

### Certifications

CE • EURO V • EPA • ISO 9001:2015

## General Specifications

### Physical Characteristics

**81 kg**

Mass

**1000 m**

Max Altitude

**40 °C**

Max Operating Temp

### Protection Rating

IP23M

### Warranty

2 years or 600 continuous working hours
