

# 5.5kW Portable Gasoline Generator

This 5.5kW gasoline generator delivers consistent power for diverse applications. It features safety controls, a durable frame, and a 420cc engine.

## ADDITIONAL IMAGES

## Product Overview

### Reliable 5.5kW Portable Power Solution

The BS6500 series is a robust 5.5kW gasoline generator designed for both residential and commercial applications. Featuring a high-displacement 420cc engine and a large 25-liter fuel tank, it provides up to 9 hours of continuous operation. The unit is built into a protective frame for enhanced durability and portability, making it an ideal choice for dependable power in diverse environments.

## Key Performance Metrics

### Performance Highlights

**5.5 kW**

Maximum Power

**420 cc**

Displacement

**9 h**

Continuous Run Time

**25 L**

Fuel Capacity

## Engine Specifications

### Engine Details

Feature	Specification
Engine Type	Single cylinder, 4-stroke, OHV 25
Cooling System	Forced air cooling
Oil Capacity	1.1 L
Speed	3000/3600 rpm
Starting System	Recoil / Electric Start

## Electrical Output

### Electrical Specifications

- Rated Voltage: 110/220/380V
- Rated Current: 22.7A
- Frequency: 50/60Hz
- AVR (Automatic Voltage Regulator) included
- Integrated Voltmeter and Circuit Breaker

## Physical Attributes

### Dimensions & Weight

Metric	Value
Dimensions	700 x 540 x 580 mm
Net Weight	74 kg
Gross Weight	76 kg

## Compliance & Logistics

Certifications	CE, Euro-V
Container Loading	136 units (20GP) / 292 units (40HQ)
