

56-Inch Ceiling Fan with 5-Speed Regulator

This ceiling fan has a 56-inch blade span and operates at 220V/50Hz. It features a 163x12mm motor with a wattage of 70W and a speed of 285 R.P.M.

Overview

High-Performance 56-Inch Industrial Ceiling Fan

This 56-inch ceiling fan is designed for efficient air circulation in various professional and commercial environments. Equipped with a robust motor and a 5-speed regulator, it offers versatile airflow control to maintain optimal comfort. Constructed with durable iron and PP materials, it ensures long-lasting performance and reliability for high-demand settings.

Maximum Speed

70 W

Power Consumption

Technical Specifications

Voltage Rating	220 V
Frequency	50 Hz
Motor Dimensions	163x12mm
Temperature Rising	80K

Design & Construction

Blade Details

- Blade Length: 680mm
- Blade Height: 130mm
- Blade Angle: 4°30'
- Circular Component Diameter: 225mm

Materials: Iron, PP (Polypropylene)

Control System

Speed Control	5-Speed Regulator
Regulator Height	95 mm
