Overview

High-Performance 5.6 Ton Wheel Loader

This 5.6-ton wheel loader is engineered for heavy-duty earthmoving and material handling across construction, agricultural, and industrial sectors. It features a robust frame designed to handle significant vertical and horizontal loads, ensuring productivity in challenging conditions. With an ergonomic cabin and advanced control systems, it prioritizes operator comfort and operational accuracy.

Technical Specifications

Operating Weight	5.6 ton
Engine Compatibility	Perkins, Yanmar, Kohler, Xinchai

Performance & Control

Safety Features

Rear-view Camera • Color Display • Vibration Absorbing Seat

Control Interface	Ergonomic pilot joystick for high sensitivity and accuracy
Quick Hitch System	Yes

Operator Environment

Cabin Comfort & Visibility

- Vibration absorbing seat to reduce fatigue
- Panoramic floor-to-ceiling tinted glass
- Large resistance steps for easy access
