Product Overview

High-Performance Li-ion Charger

The C1200 is a professional-grade battery charger engineered for high-capacity Li-ion battery systems. Designed for versatility, it supports a wide range of applications including e-bikes, electric motorcycles, scooters, and cleaning equipment. With a robust aluminium alloy housing and efficient power delivery, it ensures reliable and safe charging performance for demanding industrial and recreational use.

Technical Specifications

Output Performance

58.8 V

Output Voltage

20 A

Output Current

756 W

Output Power

Input Voltage Range

- 110-132VAC
- 200-264VAC

Physical Characteristics

Dimensions	264 x 120 x 89 mm
Net Weight	2.1 KG
Housing Material	Aluminium Alloy

Compatibility & Standards

Certifications

CE

Suitable Applications

Electric Bike, Electric Motorcycle, Electric Scooter, Cleaning Equipment, Golf Cart

Warranty Period

12 Months
