Product Overview

High-Performance Modular Conveyor Belt

This 58mm raised rib modular plastic conveyor belt is engineered for demanding beverage industry applications. Its robust design features a 42% open area, facilitating efficient drainage and cleaning. With a wide operating temperature range from -40°C to 260°C and a high load capacity of up to 1.2 tons/square meter, it offers exceptional durability and reliability in diverse processing environments.

Technical Specifications

Dimensions & Pitch

25.4 mm
Pitch

14.2 mm
Thickness

58 mm
Min. Width

Design Features

Feature	Specification
Open Area	42%
Rod Diameter	4.5mm
Curve Capability	No
Flight / Side Guard	No

Material Composition

PP, POM, PE, PA

Performance & Compatibility

Compliance

FDA Approved • EU Compliant

Sprocket Options

- 12T-2R
- 18T-2R
- 20T-2R
- Square Bore
- Round Bore

Temperature Range

-40°C to 260°C

Maximum Load Capacity

1.2 tons/sqm

Applications

Food Industry Applications

- Meat (Beef & Pork)
- Poultry
- Sea Food
- Bakery
- Snack Food
- Fruit & Vegetables

Non-Food Industry Applications

- Automotive
- Tire Manufacturing
- Packaging
- Printing/Paper
- Postal
- Corrugated Cardboard
- Can Manufacturing
- PET Manufacturing
- Textile
