

58V Cordless Line Trimmer Brush Cutter Combo

This 58V cordless line trimmer and brush cutter is a versatile tool for maintaining lawns and gardens. It features a high-performance 58V battery for extended runtime and efficient cutting.

Overview

Professional Performance Cordless Power

The 58V Cordless Line Trimmer and Brush Cutter delivers gas-like power in a convenient, emission-free package. Equipped with a high-efficiency brushless motor, this tool is engineered for both precision grass trimming and heavy-duty brush clearing. Its versatile split-shaft design supports up to 15 different attachments, making it a comprehensive landscaping solution for professional and residential maintenance.
