

5kW Portable Silent Diesel Generator

This 5kW diesel generator provides a stable power output with reduced operational noise. Its portable design includes a wheel-mounted base and a control panel with multiple outputs.

Overview

Reliable Portable Power

This portable silent diesel generator is engineered for consistent and efficient power output in demanding environments. Featuring a robust soundproof enclosure, it ensures low-noise operation suitable for sensitive locations. With versatile voltage options and a wheel-mounted design, it provides a flexible and highly maneuverable power solution for outdoor applications.

Performance

Rated Output Range	5.0kW - 8.0kW
Frequency	50Hz, 60Hz
Voltage Options	110V, 220V, 380V

Technical Details

Compatible Engine Models

- YC186FAE
- YC188FAE
- YC195FE

Alternator Configuration	Single-phase / Three-phase
--------------------------	----------------------------

Physical Specifications

Dimensions (L x W x H)	935 x 555 x 760 mm
Net Weight Range	165kg - 225kg

Features

Noise Level

Silent

Key Operational Features

- Portable wheel-mounted design
- Soundproof casing
- AC 220V output
- DC 12V output
- Integrated voltmeter and ammeter
