

5m x 19mm Autolock Tape Measure

This 5-meter tape measure is designed for accurate measurements. It features a high-visibility orange casing, a comfortable soft grip, and an autolock mechanism.

Product Overview

Professional Autolock Tape Measure

This high-visibility tape measure is designed for durability and accuracy in demanding professional environments. Featuring an ergonomic soft-grip casing, it provides comfort during extended use while the high-visibility finish ensures it is easy to locate on busy job sites. The integrated autolock mechanism automatically holds the blade in position, simplifying one-handed measurements for increased efficiency.
