

5W LED Headlamp with Red Auxiliary Lights and USB Charger

This headlamp features a 5W white LED for primary illumination and two red LEDs for auxiliary lighting. It includes a USB charger and adjustable headband for hands-free operation.

Product Overview

Versatile Hands-Free Illumination

This 5W LED headlamp is designed for professional and recreational use, featuring a powerful 180-lumen white LED with zoom functionality for adjustable beam focus. It includes dual red LEDs for auxiliary lighting and a convenient gesture-controlled sensor for hands-free operation. Built with a durable aluminum and ABS housing, this lightweight, IPX4 waterproof headlamp is powered by a rechargeable lithium battery, making it an ideal tool for camping, hiking, and emergency tasks.
