

6-Burner Stainless Steel Gas Cooktop

This 6-burner gas cooktop is constructed from stainless steel for durability and easy cleaning. It is designed for built-in installation and offers precise flame control for versatile cooking.

Product Overview

A sleek, high-performance 6-burner gas hob featuring a durable stainless steel surface and ergonomic control knobs.

High-Performance 6-Burner Gas Cooktop

This premium built-in gas hob features a durable stainless steel surface designed for both high-heat searing and delicate simmering. Equipped with six individual burners and precise control knobs, it offers maximum versatility for professional-grade home cooking. Integrated safety features like the flame failure device ensure a secure cooking environment by automatically cutting off gas supply if the flame is extinguished.
