

6 cu.ft. Steel Wheelbarrow with Pneumatic Tire

This 100L industrial steel tub wheelbarrow is a general purpose tool for trade and builders. It has a pneumatic tire for easy moving when loaded.

Product Overview

Built for Heavy-Duty Performance

This 6 cubic foot capacity wheelbarrow is engineered for demanding construction and landscaping environments. Featuring a powder-coated steel tray and a reinforced 3.0mm leg assembly, it offers exceptional durability and resistance to wear. The ergonomic design ensures efficient material handling, while the 4-ply pneumatic tire provides superior stability across uneven surfaces.
