

# 6 kg Capacity Angular Drum Washing Machine

This washing machine has a 6 kg capacity and 12 wash programs. Its intelligent control system features an LED display.

## Overview

### High-Efficiency Angular Drum Washing Machine

This 6 kg capacity angular drum washing machine is engineered for optimal cleaning performance and fabric care. Designed with an advanced angular drum, it enhances washing effectiveness while minimizing wear and tear on garments. The unit features intelligent control with an easy-to-read LED display, providing a seamless user experience for modern laundry needs.

## Performance & Capacity

### Washing Capacity

**6 kg**

Capacity

**1200 rpm**

Max Spin Speed

### Wash Programs

12 programs

## Efficiency & Consumption

### Energy Ratings

Energy Class: AAC

### Utility Consumption

**1.08 L/cycle**

Energy Consumption

**66 L/cycle**

Water Consumption

## Technical Specifications

### Power Input

Function	Input Power
Washing	200
Spinning	450

### Weight

**86 kg**

Net Weight

**93 kg**

Gross Weight

### Dimensions (W\*D\*H)

600\*625\*945 mm

## Features & Safety

### Key Features

- 1-24hr Delay start
- Child lock
- 90°C anti-bacteria cycle
- 27min quick wash
- Open door with button
- Power-off memorization
- Anti-vibration system

## Logistics

Loading Capacity (20'/40'/40HQ)
