

# 6000 lbs Capacity Garage Jack

This garage jack is designed for automotive maintenance and repair. It features a durable construction and smooth lifting mechanism for efficient and safe vehicle lifting.

## Overview

### Professional Performance

This 6000 lbs capacity garage jack features a low-profile design, making it ideal for a wide range of automotive maintenance tasks. Built with a heavy-duty chassis and a steel hydraulic block assembly, it ensures durability and long-term reliability. The unit includes a safety by-pass system to protect the pressure cylinder and a removable two-piece handle for convenient operation.

## Technical Specifications

### Lifting Capacity

**6000 lbs**  
Capacity

### Dimensions

Metric	Value
Minimum Height	85mm - 89mm
Maximum Height	455mm
Product Size	640 x 342 x 174mm

### Weight

- Gross Weight: 36.6kg
- Net Weight: 34.8kg

## Compliance & Design

### Patent Numbers

- ZL94309226.4
- ZL200730028244.1

### Certifications

TUV, GS, CE, ANSI, ASME

## Logistics

### 20' Container Quantity

480 PCS
