Overview

High-Performance Silent Power Solution

This 60kVA silent diesel generator is designed to provide reliable, continuous electrical power with minimal noise impact. Featuring a robust water-cooled engine and a soundproof canopy, it is ideal for residential, commercial, and industrial environments where quiet operation is essential. The unit includes a comprehensive control system and integrated safety features to ensure stable performance and easy maintenance.

Power Ratings

Core Power Specifications

60 kVA

Prime Power

48 kW

Prime Power

10 %

Overload Capacity

Technical Configuration

Alternator Details

- Single bearing alternator
- Insulation Class H
- IP23 Protection rating

Fuel System

- Steel base fuel tank
- 8-12 hours built-in capacity
- Flexible fuel lines
- Anti-vibration mounting

Cooling System

Industrial water-cooled

Control & Safety

Safety & Protection

- 9 dB muffler exhaust system
- Emergency shutdown mechanisms
- Automatic Voltage Regulation (AVR)
- Low oil shutdown
- Overload protection

Compatible Controllers

Smartgen, Deep Sea, ComAp

Operating Conditions

Max Ambient Temperature

40 °C

Relative Humidity

90 %

Quality & Testing

Standard Testing Procedures

- Fuel tank pressure testing
- Bolt tightening torque testing
- Voltage bearing and insulation testing
- Noise level testing
- Load testing (25%, 50%, 75%, 100%, 110%)

Service & Warranty

Standard Warranty

1 year or 1000 running hours (whichever comes first)

Standard Delivery Time

25 working days
