

# 60mm Pressure Gauge with Axial Mounting

This 60mm pressure gauge is designed for axial mounting and features a plastic case. It measures pressure up to 10 bar (140 psi).

## ADDITIONAL IMAGES

## Product Overview

### Industrial Pressure Monitoring

This 60mm axial mounting pressure gauge is engineered for precision monitoring in industrial and pneumatic environments. Featuring a dual-scale display and high-quality construction, it ensures reliable performance across a range of pressure applications. Designed to meet international industrial standards, this versatile instrument provides clear, accurate readings for demanding operational requirements.

## Performance Metrics

### Operating Range

**10 bar**

Max Pressure

**140 psi**

Max Pressure

**1.6 CL**

Accuracy Class

## Technical Specifications

### Standards Compliance

EN 837-1 • DIN

Dial Size	60mm
Mounting	Axial
Case Material	Plastic
Window Options	Glass, Tempered glass, Safety glass, PC glass, Acrylic

## Components

### Materials Table

Component	Material Options
Movement	SS304 / Brass
Connection	SS316 / SS304 / Brass
Bourdon Tube	SS316 / Phosphor Bronze
