Product Overview

Industrial Pressure Gauge

This 60mm pressure gauge is engineered for durability, featuring a robust plastic housing reinforced by a protective rubber sleeve to withstand shock. Designed with a back-mounting configuration, it provides precise pressure readings in bar, psi, and kPa units. The unit is built to comply with EN 837-1 standards, ensuring reliable performance across a wide range of industrial and commercial applications.

Technical Specifications

Accuracy Class

Kl. 1.6 • Kl. 1.8

Dial Size

60 mm

Pressure Range

-1 to 1000 bar

Mounting Configuration

Back Mount

Materials & Construction

Case Material

- Plastic with Rubber Sleeve
- SS304
- SS316
- Black Steel

Internal Materials

Component	Material Options
Movement	SS304, Brass
Connection	SS316, SS304, Brass
Bourdon Tube	SS316, Phosphor Bronze

Window Material Options

Glass, Tempered Glass, Safety Glass, PC Glass, Acrylic
